

Family of Products

- Attractant/Jelly Remover
- Boat Brightener
- Chrome Cleaner

“Designed with the Fisherman in mind!”

Three “Kick Bass” Products to Make Your Boat Shine!

Attractant/Jelly Remover – Like to use today’s sticky jelly’s and liquid attractants but dread cleaning the boat afterwards? The Kick Bass Attractant/Jelly Remover lifts those stubborn messes easily, and quickly! Safe for aluminum, fiberglass and gel coat. A non-abrasive, non-corrosive, dry-wash product that contains no acid. Works great even on **HOT** metal or fiberglass. Will remove exhaust, oil, fuel, brake dust and fire retardant with little or no effort. Wipe on and wipe off. Desensitizes surfaces so it repels dirt and dust!

Boat Brightener – Keep in a spray bottle for quick cleanups, or wash your entire boat and tow rig! Removes bugs, blood and chemical residue from glass, metal, paint, and plexi-glass with no scrubbing! Also great for carpet and upholstery. Environmentally safe & water miscible. 1 gallon makes 32 gallon of cleaner.

Chrome Cleaner - Cleans Chrome like nothing else. Can even be used on **HOT** metal. Will remove grease, oil, brake dust, and tar from most metals. Will even remove water spots from metal and glass. Apply and allow to dry to a haze (drys very quickly). Simply rub out with a cotton cloth for a showroom shine! Also removes light surface rust.

Manufactured for C. Larson & Associates by Pacific Products
